

Gainesville Independent School District
W E Chalmers Elementary
2023-2024 Campus Improvement Plan

Mission Statement

District: We ensure students and staff develop the knowledge, skills and attitudes necessary for immediate and future success, through a cooperative effort of school, home and community.

Chalmers: Chalmers Elementary is dedicated to providing a positive, caring and safe environment to enable all students an equal opportunity to reach their full potential for academic excellence.

Vision

District: Reaching every student every day to be learners and leaders.

Chalmers: Our Chalmers' family inspires a love for learning everyday for everyone.

Value Statement

District:

Equity

We believe access to a world class education in Gainesville is a right for all not a privilege for a few. We will never allow race, economic status or our own systems to be barriers to the education all students deserve

Excellence

We believe in challenging ourselves and the bar we have created for academic, social, and emotional success in Gainesville. We will always raise the bar by believing that excellence is in our reach but not quite in our hands.

Diversity

We believe that a diverse student and staff population enriches the learning environment. We value the unique identity of every adult and student in GISD and will actively seek diversity in all that we do

Innovation

We believe we are preparing students for a future we cannot predict. We must empower students with the tools, leadership, and facilities to drive innovation in thought and action

Partnership

We believe strong partnerships are critical to achieving our vision. Partnerships provide innovative ideas and expertise that benefit our staff, students, families, and community.

Safe and Comfortable Environment

We are committed to creating a learning environment that is safe, secure and comfortable, both physically and emotionally for all students.

Chalmers Values:

1. Strong, positive, & equitable relationships with teachers, students, and all families
2. Engaging, safe, and caring environment for all
3. Building confidence and empowering the whole child
4. Setting high academic expectations and helping all learners set and exceed their goals
5. Celebrating successes in learning

Chalmers Goals:

1. 100% teachers and admin will track individual student data and grade level data in both math and reading across all grade levels every 3 weeks.
2. 100% of students will engage in authentic reading experiences for at least 15 minutes daily during their reading block.
3. 50% of students in each grade level will be “on watch” or “at/above” grade level by MOY Reading Renaissance and 60% of students in each grade level will be “on watch” or “at/above” grade level by EOY Reading Renaissance.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Demographics:

One general education teacher and one music teacher are not ESL certified. Student population has grown every year for the past three years. We continue to see an increase on our EB population and have a total of 3 paras to support our EB students.

Vocabulary and Language acquisition continues to be a huge need on our campus. It has a high correlation to our reading scores. Students are now being pulled out of dual language classes and placed in Gen Ed.

Look for ways to utilize staff to the maximum extent to benefit our student population. Continue to recruit and hire new teachers.

Staff Quality:

We had a great year of retention this year from 2022-2023 year. We hired teachers to fill what needs we had and brought on new teachers due to needs.

We hired/replaced 10 teachers and 6 paras going into the 2023-2024 school year. We are attempting to recruit the very best for our student using marketing techniques, sign-on bonuses, attending job fairs, and providing new hire academies.

Continue to grow individuals in their roles to allow them to move up in the district. Get the staff roster filled with quality candidates before the end of May.

Provide more opportunities for mentors and mentees to meet and plan for new to Chalmers teachers to conduct peer observations.

Demographics Strengths

One general education teacher and one music teacher are not ESL certified. All other professional staff are ESL certified.

Three paras to support our EB students.

Instructional coaches provide supports.

Team planning and PLCs

Use of word walls, visuals, and SIOP strategies

Student Learning

Student Learning Summary

Student Achievement:

We are working towards consistency across grade levels in curriculum by implementing the PLC Solutions Tree protocol.

Attendance continues to be an issue with our student achievement. Students continue to be moved out of dual language into gen ed rooms. Many are well below where they should be in their reading levels.

Continue to use data to spiral data missed from the last few years. Continue to work on interventions. Focus on Tier 1 instruction and utilize the talents of staff we have on campus to train and guide small group guided reading.

Student Learning Strengths

Use of Systematic Phonics Program (SIPPS) for all 2nd grade students.

3rd and 4th grade math showing slight improvements in scores.

Spanish Reading Assessments showing improvement.

School Processes & Programs

School Processes & Programs Summary

Curriculum, Instruction, Assessment:

The consistency of leadership and curriculum from a district level has been tremendous. Instructional coaches are helping improve teaching practice and PLCs.

Student achievement is low across many areas due to: attendance, language, poor intervention time usage, and tier 1 instruction that is missing the mark. Continue to plan and train as grade levels.

Dual Language planning and guidance from district. Added Spanish instructional coach to support dual language staff.

School Context and Organization:

This year, SEL was at the forefront of most of our decisions. Implementation of a SEL time built into the daily schedule.

Community in Schools partnership was added this year to provide students, families, and staff supports. (Licensed social worker)

Find ways to help with our frequent flyers in the office. Extreme behaviors have little consequence at this level, but we are using PBIS to recognize students.

Organizing hallway traffic for better crowd control and behavior. New front doors and office procedures will need to be learned quickly by staff.

Fencing around the front school perimeter is needed.

Updated playground for safety and for the number of students on campus. Our current playground is too small for the amount of students the school has enrolled.

Additional spaces needed for our SPED department. (3 SPED teachers share one room, 2 dyslexia specialist share one room, 2 speech therapist share one room, 2 interventionist share one room)

Technology:

One to One throughout the building. Wi-fi is capable of handling the traffic. We continue to use technology to communicate with our parents. We continue to use google classroom and many other tools online for instruction. Use of the clever system for students to access all apps through a single sign-on.

Possibly going back to Class Dojo as School Status system is unpredictable and not user friendly for staff and parents.

Addition trainings for staff on various resources and technology would be beneficial.

Always keep looking for ways to improve our technology usage. More interactive lessons and engaging activities will help with Tier 1 instruction.

School Processes & Programs Strengths

Curriculum, Instruction, Assessment:

Use of systematic data tracking for teachers

Built in intervention time on schedule daily

Two instructional coaches supporting our campus

School Context and Organization:

Additional behavior support staff

ISS teacher/para

New classrooms for overcrowding (possibly add portables)

Technology:

One to one

Curriculum available at any time

Single sign-on with Clever

New desktop computers & grade level printers

New copiers this year across the district

Perceptions

Perceptions Summary

School Culture and Climate:

Surveys conducted by the district and campus to gauge staff needs.

Monthly parent and family engagement nights and days

Family and Community Involvement:

Teachers are communicating constantly with our parents via School Status. A weekly electronic newsletter goes to parents. Increased social media postings. Communication with parents to keep all informed.

Continue to find ways to involve parents in our building. Parents of our ESL students need to be more involved.

Grade level nights may be more helpful than school nights. Find ways to make everyone feel welcome. Introduce meetings during the day.

Perceptions Strengths

School Culture and Climate:

Sunshine committee recognizes staff on appreciation days.

Recognition of employee and teacher of the month.

Recognition of students of the month.

Goal 4: We acknowledge that access to opportunities and success is not - and has not been - the same for all stakeholders and that achieving equity begins by building this awareness in others. We also strive to uncover the causes of those imbalances, remove barriers, and advance equitable opportunities and outcomes for all.

Performance Objective 2: Develop a budget that reflects equitable distribution of resources to school entities.

Evaluation Data Sources: Documentation of per student allocations for each campus in local, state and federal funds
